

Equine First Aid SAVES the LIVES of HORSES!

WANT TO SAVE ON YOUR VET BILLS AND LEARN MORE ABOUT YOUR HORSE?

Equi-Health Canada, in partnership with the Cowichan Therapeutic Riding Association presents

1-day INTENSIVE Equine Emergency First Aid Clinic:

You will learn:

- What to do if your horse suffers a severe laceration
- How to flush foreign bodies from your horses eye
- What to do about hoof puncture wounds
- What hoof diseases to watch for
- When to call the equine dentist, vet or farrier
- Types of colic and what you can do about it
- What to do about collapse, shock and choke
- Pain source identification and how you can stretch your horse before riding to ease pain in your horse & prevent injury
- How to give worming medicine without a fight
- Surprising things you can use in first aid – *from your own pantry!*
- Q&A for your specific first aid questions

We GUARANTEE you'll learn something new!

You will also:

- Learn about “don’t clean but do de-bean”
- Learn what to look for in your saddle fit to prevent back pain

Instructors:

Ross MacInnes, National Training Director, Equi-Health Canada; large animal rescue expert
Heather Davis, National Training Coordinator, Equi-Health Canada

ALL HANDS ON WITH THE INCREDIBLE HORSES AT THE COWICHAN THERAPEUTIC RIDING ASSOCIATION!

You will work hands on as YOU participate in equine first aid skills training!

In addition to your own first-aid manual and abnormal vs normal barn card, at the end you will receive a frame-able certificate of completion signed by the instructors!

All for just \$149.00 + GST... is YOUR horse worth it?

June 3, 2012 – 9am to 4pm @ Cowichan Therapeutic Riding Association
At Providence Farm - 1843 Tzouhalem Road
Duncan, BC V9L 5L6
